Seamless Integration

Integrate leave data with attendance and payroll systems for streamlined operations.

The screenshot shows a web portal interface for 'uffizio'. The main content area displays a table titled 'Employee Leave Detail'. The table has five columns: Employee, Present, Absent, Leaves Taken, and Leaves Bal. The table lists four employees: Steven, Sarah, Allen, and Michael. Steven has 29 Present, 01 Absent, 01 Leaves Taken, and 12 Leaves Bal. Sarah has 30 Present, 00 Absent, 00 Leaves Taken, and 12 Leaves Bal. Allen has 28 Present, 02 Absent, 02 Leaves Taken, and 10 Leaves Bal. Michael has 27 Present, 03 Absent, 01 Leaves Taken, and 11 Leaves Bal. Below the table, there is a 'Leave Approval' modal window showing a list of leave requests with 'Reject' and 'Accept' buttons.

Employee	Present	Absent	Leaves Taken	Leaves Bal
Steven	29	01	01	12
Sarah	30	00	00	12
Allen	28	02	02	10
Michael	27	03	01	11

Leave Approval

Employee Name	Leave Type	Action
Steven	Sick Leave	<button>Reject</button> <button>Accept</button>
Sarah	Personal Leave	<button>Reject</button> <button>Accept</button>
Allen	Out of Station	<button>Reject</button> <button>Accept</button>
